

E.G.O. – OUR WAY

VISION

We are the **partner of first choice** for the global appliance industry.

MISSION

We are driven by our **pioneering spirit** and use this to create **unique solutions with significant customer benefits**.

We act **successfully** with our **knowledge and understanding of markets and end users**.

We are **reliable** and **keep our promises**.

VALUES

Partnership
Reliability
Openness
Excellence

STRATEGIC DIRECTION

We are the **solution partner** for components, systems, and services in the appliance industry.

We see ourselves as a company platform on which we develop, produce, and distribute **application-related solutions**.

We grow through **successful and sustainable partnerships** with our customers worldwide.

We focus on **specific applications** in the following areas:

- Food preparation
- Induction cooking
- Laundry care
- Dishwashing
- Refrigeration
- Climate Solutions

We make **significant contributions** and drive **important trends** forward.

We are an **attractive and fair company** for all **our employees**.
